

# More choice, better quality – The EMC edge

Our poured-in-place durable surfacing is easily customized to meet the safety, design, and artistic requirements of any playground, school, community, or daycare center.

*"You are the best from all of our vendors. We get the information we need, and we get it fast."*

Marie Deinzer, CPSI  
California Playgrounds

## Tech Data

### Physical Properties

Test Description	ASTM	Result
Slip Resistance	D2047	Pass
Fall Rating	1292	Pass*
Toxicity	2075	Lead Free
Skid Resistance	E303	Dry 96, Wet 47
UV Resistances	Q Panel QUV	<3.0/4032 ksqm

### Head Impact Attenuation\*

Product Thickness	Certified Height
1.75"	4'
2.00"	5'
2.50"	6'
3.00"	7'
3.50"	8'
4.00"	9'
4.25"	10'
